FABULUX ALUMINUM CABINET

Core Technology

Heat dissipation technology
Die-casting Aluminum module for fast heat dissipation

Energy saving technology
>30% power compsumption saved

Fire prevention technology
The highest fireproof to 5VB

High contrast
High contrast to 10,000:1

**Waterproof technology**
Ip66 front & Rear waterproof level

Brightness storage technology
High brightness to 10,000nits and adjustable

Certificates
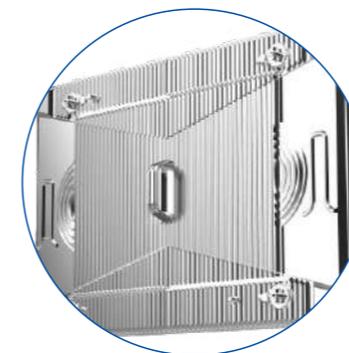

Qualification Certificates 130+

Platinum Series

OUTDOOR SOLUTIONS

Key Features:

- Die-casting Aluminum module for fast heat dissipation.

- IP66 waterproof and 5VB fireproof.

- Common cathode technology for energy saving.

- High brightness option for 10,000nits.

- Totally front and rear service.

- Stable and reliable performance.

Standard Dimension: 960x960x90mm
Optional Dimensions: 960x640mm/960x1,280mm/1,440x960mm/
1,440x640mm
Pixel pitch: 5.71mm, 6.67mm, 8mm, 10mm
Applications: Digital signage, billboard, road sign, stadium scoreboards,
building facade,etc.

Die-casting Aluminum Module for fast heat dissipation

Hidden cable cover, protect the power cable and signal cable from damages.

Perfect seamless corner cabinet for naked-eye 3D solution.

Die-casting connecting plate, for wall-mount installation directly.

FABULUX LED

PTF Series

OUTDOOR SOLUTIONS

Key Features:

- CCES energy saving technology.

- 13000:1 high contrast ratio.

- High brightness option for 9,000nits.

- IP66 waterproof and 5VB fireproof.

- Self-contained heat dissipation, no need to install other heat dissipation equipment.
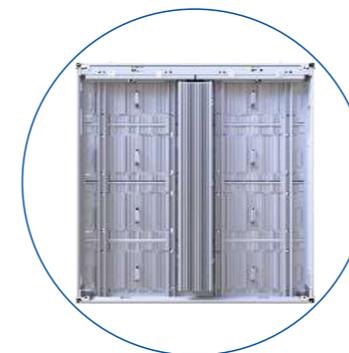

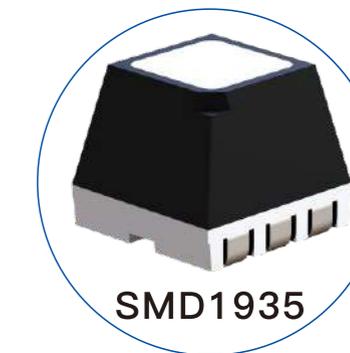

- Totally front and rear service.

Standard Dimension: 1,000x1,000x81.5mm

Pixel pitch: 3.9mm, 4.8mm, 5.9mm, 6.2mm, 8.3mm, 10.4mm

Applications: Digital signage, billboard, road sign, stadium scoreboards, building facade,etc.

Die-casting Aluminum module and cabinet, for seamless installation and fast heat radiation.

Cabinet Thickness 81.5mm
Lightweight Cabinet 27kg/m²

Perfect seamless corner cabinet for naked-eye 3D solution.

# Platinum S series

OUTDOOR SOLUTIONS

Key Features:

- Fine pixel pitch for outdoor fixed installation.
- Die-casting Aluminum module for fast heat dissipation.
- IP66 waterproof and 5VB fireproof.
- Easy service from front and rear side.
- High brightness option to 9,000nits.
- Stable performance for outdoor environment.

Standard Dimension: 500x1,000x81mm
Optional Dimensions: 500x500mm/500x750mm/500x1,000mm
Pixel Pitch Outdoor: 2.9mm, 3.9mm, 4.8mm, 6.25mm
Applications: Window Screen, Digital Signage System, Bus Station, Arena Display, Business Advertising Signs, Airport, etc.

Flexible cabinet size

Cabinet with side cut 45degree, installed into 90 degree corner.

Cables hidden on top of cabinet, for safety and long lifespan.

Perfect seamless corner cabinet for naked-eye 3D solution.

FABULUX LED

# Ribbon Series

SPORTS SOLUTION

Key Features:

- Customized design for stadium ribbon display.
- 750x750mm Aluminum cabinet size, light weight.
- Handles on the top, easy to pull the cabinet up with safety wire.
- Simple and strong back frame, attached onto the wall directly.
- Totally front service and taken–out service.
- Slop cover design, Prevent the audience from putting things on it.

Dimension: 750x750x81mm
Pixel pitch: 3.9mm
Applications: All kinds of stadiums.

Top handles' design, easy to take the cabinets out from the top.

Simple frame installed into the wall directly, then put the cabinets onto the frame.

Position pin on the cabinets, easy to locate into the frame.

Ideal product for stadium ribbon display.

SHINING TOWER,ABU DHABI

The old outdoor screen was installed at Shining Tower for long time. In order to match this high rank building, the owner decided to put a new outdoor screen. Platinum series cabinet size is 960x960mm, matched the current installation area and frame perfectly, which can save a lot of frame cost and installation time. Fabulux Platinum series brings a lot of attractions and makes it shinning again!
